- Geotagging

Robert managed locations for 2 different cell phone companies, and when the 2nd closed its doors Blue Ridge Wireless was created. His primary goal is helping others maintain and effectively use their

wireless communications devices within their businesses. Founded in 1998 and based in Tucson, AZ, Blue Ridge Wireless is a specialized cell phone repair and service center. We provide high quality cell phone, iPhone, Android, tablet & small electronic device repair. Additional services offered include forensics consulting & expert testimony, data recovery and back-up, asset recovery, refurbished cell phones & OEM / specialty accessory sales. Our goal is to provide all of the back end tech support necessary to meet the needs of our clients in one location.

Our client base includes large local companies, rural carriers, national warranty and insurance centers and rural service providers.
